Notes.

The international match at Fartown last Monday was a great success and the Rugby League officials were delighted that a total of 11,066 should pass through the turnstiles to witness a week-day match.

The game itself was quite exciting although England had a great margin of points in their favour when the half time whistle sounded. The Welsh back division was very mediocre during the first half although their forwards more than obtained an equal share of the ball. The halves and centres were slow in getting the ball away to the extreme wings, thus the latter were not much in evidence on the attack.

The second half saw the Welshmen indulging in passing bouts and three tries were secured from the same; the last try by Wales was the outcome of the best movement in the whole match.

The match revealed one or two probabilities for the team but the selectors will have difficulty in finding a set of backs of the standard required.

Last Saturday we visited Oldham, and the weakness of our tackling, particularly in the forwards, was once more in evidence. The "hair-combing" idea seems to be a great feature with one or two members of our team at present, and the sooner this idea is dispensed with the better.

The game was very fast and open and pleasing to watch except for the above weakness. The score, when the final whistle sounded, read Oldham 18, Huddersfield 2.

To-day Wakefield pay us a visit and there is every prospect of a keen finish. The Belle Vue team are playing very good football at present and have surprised a few teams they have met this season. A week or two ago they visited Warrington and were unfortunate to be beaten by a single point. Thompson, the ex-Huddersfield three-quarter, is playing well for them again and has already secured a number of tries.

Featherstone Boys visit Fartown to-day in the inter-town match with our local boys. These matches are of great expense, and we trust that the collection to-day will be a record one. Featherstone Red, Huddersfield Black and White. Kick-off 2-45.
